

## MEET MRS. TYSTAD

*I attended the University of New Orleans. I have a Masters degree in Human Services Counseling and trained as a Marriage and Family Therapist. I have been a counselor for 22 years.*

*I have lived in Las Vegas for 20 years. I love getting to know our families and being part of the community. My son attended school here so I know first hand what a wonderful school we are!*

# Counseling Program

---

The mission of the school counseling program at Glen Taylor Elementary school is to recognize and respect the unique qualities of each student and guide all students toward academic, social emotional and career success. All students will be provided the tools to be resilient, respectful, and responsible lifelong learners, ready for college and/or career.

VISION: Our students are the citizens of the future. All students will leave Glen Taylor well prepared to make a positive contribution to our diverse community. Students will be well rounded individuals who are responsible and act with integrity.

I follow ASCA Standards for School Counselors.

## WHAT SERVICES ARE OFFERED?

For Students:

Students may see the counselor for small group or individual counseling (on a limited, temporary basis) for a variety of concerns and problems, including:

- Friendship
- Problem solving
- Academic concerns
- Grief and loss
- Crisis intervention

For Parents:

Parents are free to call the counseling office and schedule an appointment. The counselor can also help with community referrals

Guidance and Counseling

As part of the education team, school counselors play an integral role in the academic, career, and social/emotional development of all students. School counselors implement strategies and activities to support and maximize each student's ability to learn and help prepare students to make informed choices regarding post-secondary options to complete future career goals. In addition, the school counseling program provides the foundation for personal social growth as students progress through school and into adulthood. School counselors work with students through classroom guidance lessons, small groups, and on an individual basis.
